

Roadside Noise

Sir, The necessity for artificial noise for silent electric cars is quite 1 (“Hit the road, Jack”, letter, May 5). The possibility of personalised ringtones is one thing – but what if advertisers start buying “space” on the sound generators of cars?

I would not wish to have cars overtaking me on my bicycle advertising soap powders, or even, at election time, political slogans. I would sooner be run over.

BRIAN P. MOSS
Tamworth, Staffs.

The Times, 2010

Tekst 1 Roadside noise

- 1p 1 Which of the following fits the gap?
- A alarming
 - B amusing
