

Appeal of the Cycle Routes

Sir: A leaflet which accompanied my copy of the 23 July edition of *The Independent* invited me to contribute towards the cost of building the National Cycle Network by the charity Sustrans.

I am appalled that I even received the leaflet.

Have we really become so car-obsessed that the Government is not prepared to invest in such a worthwhile project? What will happen if the National Lottery and individual contributions are insufficient?

I don't recall receiving requests for support for the further development of the National Road Network.
